

# Curriculum Resources

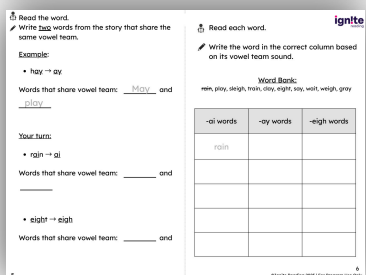

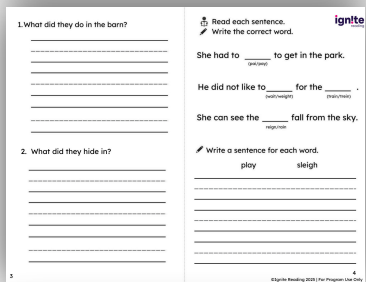

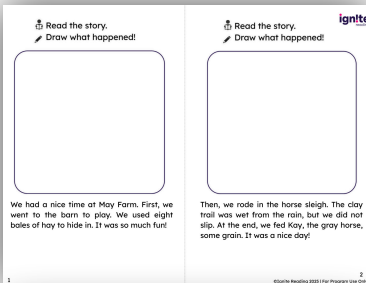

Supporting teachers and students with reading resources that matter!

We offer additional reading resources for targeted independent practice students can complete anytime during your daily school schedule.

## ★ Decodable Readers

Provides skill-aligned text with words readers can sound out using previously taught phonics skills from short vowels to multisyllabic decoding. This builds confidence, reading fluency, and automaticity.

Release Date: Winter 2026

## ★ Student Print Workbooks

Provides additional independent practice aligned to the current Ignite Reading's Using Letter Sounds to Vowel Teams units of instruction to help students build skill proficiency and automaticity.

Release Date: Fall 2025

## ★ Student Digital Workbooks

Provides additional independent practice aligned to the current Ignite Reading's Basic Alphabet Knowledge & Multisyllabic Decoding units of instruction to help students build skill proficiency and automaticity.

Release Date: Winter 2026

## Ember Learning Tool

Ember is a learning tool students can use before and after tutoring sessions to build additional early literacy skills through data-aligned practice opportunities in alphabetic principle and high-frequency word mastery.

Release Date: Spring 2026
