

Ignite Reading Tutoring

Dear Families,

We're thrilled to share that our school has partnered with Ignite Reading, a tutoring program that supports students to become confident, fluent readers. Reading is essential to success in school, and most kids need significant practice to read fluently. Ignite Reading provides that extra practice by matching students with their own personal reading tutor, who meets with them online for 15 minutes daily during school to teach the exact foundational reading skills they need.

On average, students who participate in Ignite Reading learn to read at twice the rate of what would be expected without this intensive tutoring program.

You are receiving this letter because your child has been selected to participate in Ignite Reading tutoring. The cost of Ignite Reading is covered by our school—it is free to families, and we're excited to support your child to receive personalized reading instruction.

How the program works:

Your child will be matched with a personal reading tutor, and their tutoring sessions will occur for 15 minutes daily over computer video at a time during school that minimizes disruptions to their regular schedule. All Ignite Reading tutors are background checked, highly trained in the Science of Reading, and have completed over 100 hours of professional learning. The QR code below leads to a video that explains how Ignite Reading tutoring works.

It is incredibly important that your child attends school every day to receive the amount of practice they need to reach reading fluency. Most students enjoy tutoring and thrive due to the positive encouragement, attention, and consistent instruction their tutor provides. They don't want to miss their sessions!

Ignite Reading is looking forward to partnering with your classroom teacher to support your child on their reading journey. If you have questions about this program, please don't hesitate to reach out.

Best Regards,
