

Ignite Reading Tutoring

Dear Families,

We're thrilled to share that we are bringing an innovative program called Ignite Reading to our school. Reading is essential to success and confidence in school and life, and this program is designed to help students gain the skills they need to become confident, independent readers. The cost of Ignite Reading is covered by our school and is therefore free to families. As the parent of a **[insert grade level - 1st, 2nd]** grade student, your child may be eligible to participate in Ignite Reading. In the event your child is selected to participate, we will let you know. If they are not selected, it's because they do not have decoding gaps and thus do not need this intervention; we will continue to support their reading development through regular classroom instruction.

How the Program Works

Ignite Reading pairs developing readers with expert reading tutors who provide daily, 15-minute, Science of Reading-based instruction that is proven to teach kids to read—fast. Students participating in Ignite, on average, learn to read at twice the rate of what can be expected without this intensive tutoring program. Ignite's program shores up the foundational reading skills that hold students back and supports them to read on grade level.

If enrolled in the program, your child's tutoring sessions will occur daily, over computer video, and at a time during school that minimizes disruptions to their regular school schedule. All Ignite Reading tutors have completed background checks.

We are confident that our partnership with Ignite Reading will allow us to better support our students through differentiated reading instruction. If you have questions or concerns, we are happy to speak in more detail about this opportunity.

Best Regards,
