

# Quick and Effective Strategies for Teaching Foundational Reading Skills

An exclusive professional learning opportunity for educators in Ignite Reading partner districts

The Ignite Reading instruction students love is now designed with educators in mind. Ignite Reading Professional Learning is a series of short asynchronous modules that give educators practical and effective Science of Reading-aligned activities that complement their Tier 1 and Tier 2 early literacy instruction. Teachers will learn the exact proven instructional practices used by Ignite Reading tutors, and the professional learning module is designed to be completed in 30 minutes or less, making them perfect for grade team meetings, PLCs, or other professional learning structures during the school day.

***Sign up to be the first to pilot the Ignite Reading Professional Learning Program in your district for free.***

Here's what the pilot program includes:

**Professional learning content: One short module**

- **High-Frequency Words:** Teach students to learn them without memorization.

**Every module includes:**

- Asynchronous instruction
- Modeling of the strategy
- Resources and tools for classroom implementation
- Strategies to use in the classroom
- A short survey to provide feedback on the module

**How to access the modules:**

- Log in to Ignite Reading's online Learning Management System to complete the module from anywhere at a time that works best for you.
- Replay content as many times as you'd like.

**Pilot timeframe:**

- Districts sign up by January 29, 2025, for educators to have access.
- Educators will complete two asynchronous professional learning modules by March 18, 2025.
- Districts and educators provide feedback to Ignite Reading through focus group participation March 17-21.
