

Ignite Reading Tutoring

Dear Families,

We're thrilled to share that we are bringing an innovative program called Ignite Reading to our school. Reading is essential to success in school and life, and this program is designed to help students gain the skills they need to become confident, independent readers. The cost of Ignite Reading is covered by our school and is therefore free to families. **You are receiving this letter because your child has been selected to participate in Ignite Reading.** Additionally, we are requesting your consent to allow our school **to share your child's [insert data point, such as IEP or 504 accommodation or Free and Reduced Lunch] information** with Ignite Reading to best serve your child and ensure the efficacy of the program across student populations.

How the Program Works

Ignite Reading pairs students with expert reading tutors who provide daily, 15-minute, Science of Reading-based instruction that is proven to teach kids to read—fast. Students participating in Ignite, on average, learn to read at twice the rate of what can be expected without this intensive tutoring program. Ignite's program closes the foundational reading skills that hold students back and supports them to read on grade level.

Your child's tutoring sessions will occur daily, over computer video, and at a time during school that minimizes disruptions to their regular school schedule. All Ignite Reading tutors have completed background checks. It is critical that your child attends school every day in order to engage in their tutoring sessions, as students who are consistently absent may lose their spot in the program.

Consent to Share Your Child's [insert data point] Information

To ensure Ignite Reading tutors can fully individualize instruction and best serve your child, as well as ensure the efficacy of the program across student groups, we are requesting your consent to share your child's **[insert data point]** information with Ignite Reading. If you do not wish to provide consent, please complete the second page of this form by **DATE**. As a result, your child's accommodation information will not be shared with Ignite Reading. However, your child will still be eligible to participate in the program.

We are confident that our partnership with Ignite Reading will allow us to better support your child through differentiated reading instruction. If you have questions or concerns, we are happy to speak in more detail about this opportunity.

Best Regards,
