

Ignite Reading Tutoring

Dear Families,

This year we are bringing an innovative program called Ignite Reading to our school. Ignite Reading is a virtual, one-to-one, tutoring program rooted in the Science of Reading and we are excited to provide select students with this individualized instruction.

You are receiving this letter because we think your child would benefit from this intensive, individualized instruction in addition to daily classroom instruction. During the first week of the program, Ignite Reading will conduct baseline assessments to verify whether your child qualifies for programming.

We will launch the Ignite Reading program beginning the week of **[insert date]**. In the event your child is selected to participate, we will let you know. If they are not selected, it's because they do not have decoding gaps and thus do not need this intervention; we will continue to support their reading development through regular classroom instruction.

Below is some high-level information about the program:

- Through the program, students receive daily, individualized reading instruction with a live, virtual tutor who is highly trained to teach reading.
- Tutoring sessions are 15 minutes long and will occur at a time chosen to limit disruptions to students' regular school schedule.
- The cost of Ignite Reading is covered by our school and is free to families.
- All Ignite Reading tutors have completed background checks.

If you have questions or concerns, we are happy to speak in more detail about this opportunity.

Best Regards,
